#### HEALTHY TIPS

March has been declared National Nutrition Month.

Committing to eating healthier is one of the top steps you can take to improve your overall health. An easy way to build a healthy plate is to make half your plate made up of fruits and vegetables. It is also a great way to add color, flavor, and texture plus vitamins, minerals and fiber. All these benefits are packed in fruits and vegetables that are also low in calories and fat.

Avoid fast food - take a few minutes to pack a lunch in the morning or choose a quick meal at a place that serves healthy salad or soup.
